From the Principal

"The more things change, the more they stay the same"

(someone, somewhere, sometime)

The other day young Ruby came into the office excited about the loss of her front tooth. Maybe to us adults it was not that much, however to her the excitement was palpable. Can you remember back to those days when everything was new?

Although it is not exactly a new role for me I am still somewhat overawed (thankfully not overwhelmed) at

the prospect of being the 'leader' of these wonderful schools. I am humbled as to being given this opportunity and am thankful to the students, my colleagues and the parents for having the faith in me to lead such a vibrant learning community. Please rest assured that we are all working together as best we can to provide a safe and productive environment for your children to enjoy 'the wonderment of childhood', take advantage of the myriad of learning opportunities available to them and grow into the types of people that will make the most of their opportunities and upon who we can rely into the future.

Student Free Day

Monday 25 June staff will be participating in a First Aid course held at Warooka Schools.

Ed Satanek

International Mud Day

Warooka Schools will be celebrating 'International Mud Day' on Thursday June 28. Classes will be trying different activities and in the process things

may get a bit messy. Rubber boots or a spare change of clothes may be in order. We will do our best to keep things in reason. You have been 'warned'.

From the staff

Young Environment Leaders Report

The chooks are going well. We have sold 2 dozen eggs. There will be more soon as we haven't been getting that many lately.

We recently got 4 new chooks and they are still trying to settle in. We hope to have more eggs for sale soon. If you would like some they are \$4 a dozen and the money raised goes to the school garden.

The garden is going well and students are enjoying fresh produce. Radishes, snow peas and rhubarb at the moment. The garlic is growing well and will be ready later in the year.

Visitors , excursions & special events

Pet Ed Program

Due to unforeseen circumstances YP Vets had to cancel our sessions yesterday, they will reschedule.

CAMP QUALITY PRIMARY SCHOOL EDUCATION PROGRAMME

Next Monday we will be hosting members of the CAMP QUALITY team who will be performing a puppet show for our students. They will be helping educate our school community about cancer in an age appropriate and child friendly way. We have accepted their request to perform to show support to Coby Short and families who are dealing with the effects of cancer at this time. If you have any queries or concerns as to any aspect of the performance please contact us at the school. We have an information sheet for you're your consideration.
